

Gerardo Serrano

Mexico City, Mexico

Member Firm – Serrano Galicia Abogados, S.C.

Gerardo Serrano focuses on M&A, finance and corporate matters in a variety of regulatory sectors. Mr. Serrano possesses detailed knowledge of public administration and regulations; design, development and execution of legal, lobbying, and communication strategies; and high-level political negotiation. He brings decades of experience working in large publicly-traded companies and corporations, particularly in the areas of oil & gas; power and alternative energy; healthcare; infrastructure; public-private partnership projects; government procurement; public policy; and emerging industries, including the legalized cannabis industry.

From 2004 to 2007, Mr. Serrano was Alternate General Counsel for the World Energy Council – Mexican Chapter.

He has lectured in the Master in Environmental Law and Policy at the School of Law of the Anahuac University in Veracruz, Mexico.

Notable Representations
