

## Manny Alicandro

New York, New York

*Member Firm – Law Office Manny Alicandro*

Manny Alicandro focuses on complex high-profile matters, and often works in relation to blockchain and cryptocurrency matters. Mr. Alicandro has broad capital markets knowledge gained through diverse leadership roles in alternative asset management, banking, consulting, and trading technology, as well as through senior roles at NASADQ and FINRA. His experience includes compliance, risk management, regulation, controls, surveillance, supervision, and governance.

Mr. Alicandro also assists clients in U.S. trading regulations and market structure issues with particular understanding of electronic trading and management of electronic exchanges. He possesses in-depth knowledge of legal and regulatory compliance issues pertaining to equities, derivatives, options, futures, digital assets, and cryptocurrencies. He has experience in regulation technology and cryptocurrency trading with the ability to advise on founding and structuring of new entities from Fintech startups, to hedge funds, and to electronic market places.

Mr. Alicandro is a frequent industry speaker, panelist, webcaster, and published author.
